VICTORY JUNIOR ACADEMY - UGANDA

# Victory Junior Academy

Victory Junior Academy

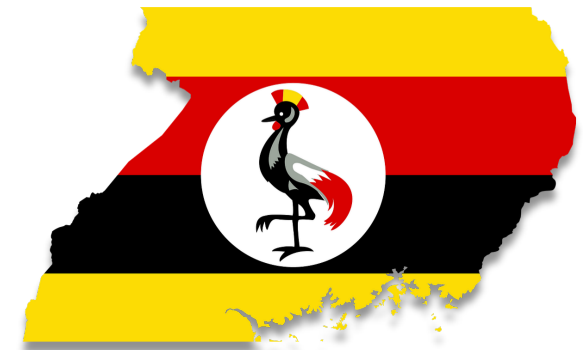

## Vision

To mould a bright future for todays generation characterized by God fearing, elite and discipline people.

## Mission

To provide disciplined children who are ready to serve their community as mature and responsible citizens.

## Moto

With God We Can

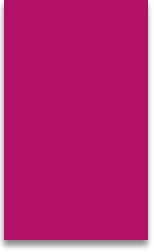

# Believers & Leaders

VICTORY JUNIOR ACADEMY - UGANDA

Victory Junior Academy was Found in Masaja Kibira B near L.C. offices Kalongoti Zone. Victory Junior Academy was founded on February 4, 2019 after looking at the community need of educating children and looking at the parents who have no ability to educate their children.

Our Future: A Vision of buying our own land. Looking for a sight at \$25,000. Currently VJA is paying \$300 per month in rent. VJA are paying their Tutors \$70 per month.

Financial Goals: To Purchase a School Van at \$4,000 to support children who come to school from far distances. VJA continues to support families by taking responsibility of children's families in meeting some of their needs.

Support We Are Asking For

We would like supporters to make contributions of \$30.00 monthly towards our vision and mission in providing education to the children of Uganda.
